

When having sex, always use condoms and dental dams with spermicide. It will significantly reduce your risk of contracting HIV, the virus that causes AIDS.

blackgirlproject.org

DID YOU KNOW?

Black and Hispanic women accounted for 82% of the estimated total of [new] HIV/AIDS diagnoses for women in 2005, yet Black and Hispanic women ONLY represent 24% of all US women.

**Protect Yourself!
Always Use Condoms With Spermicide!**

DID YOU KNOW?

You can always get FREE condoms from your local health department. Call 311, or look up the nearest office on the internet.

blackgirlproject.org

There are very few mandatory sexual education programs in public schools, thus little to no conversations about HIV/AIDS or other sexually transmitted infections.

Yet, there are ads all over inner cities for drugs to help manage HIV/AIDS. Does that make sense?

**Prevent, Don't
Manage**
